

# DigApp Easy To Use

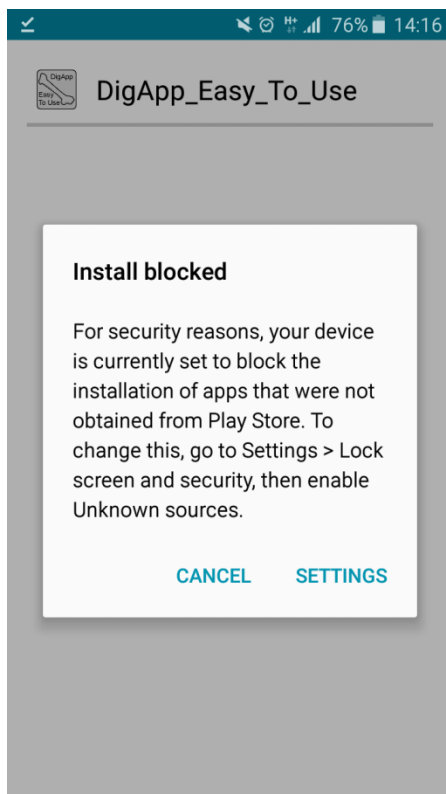

## Installation Guide

## How to install DigApp Easy to Use:

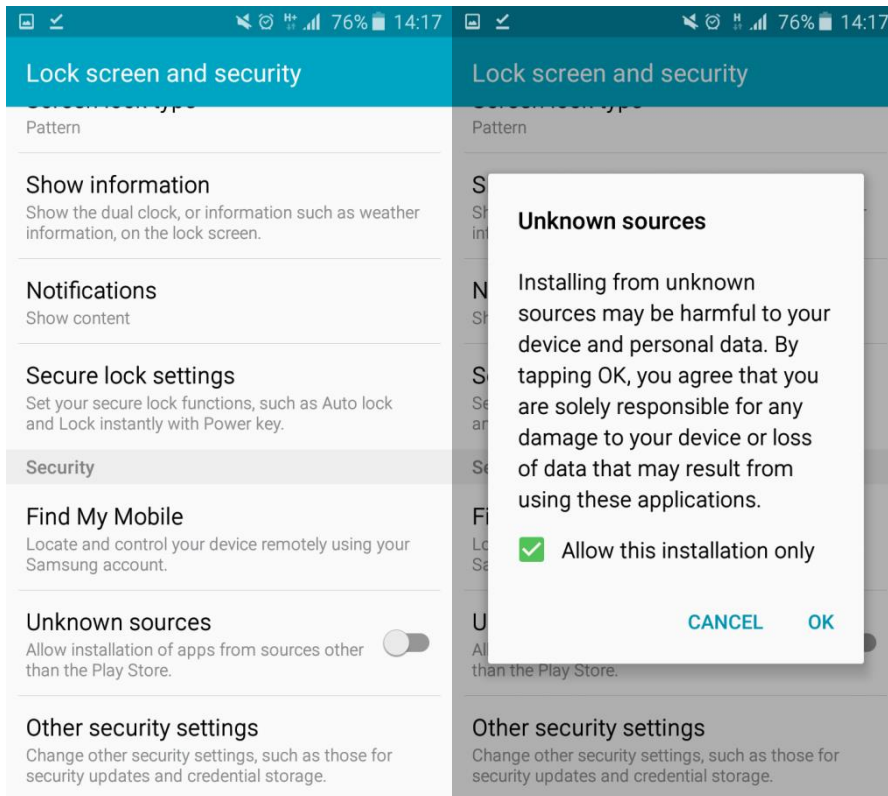

1. Go to <https://dmartinperea.com/digapp-taphonomapp/>
2. Click on the "DigApp Easy To Use" Icon to download the app

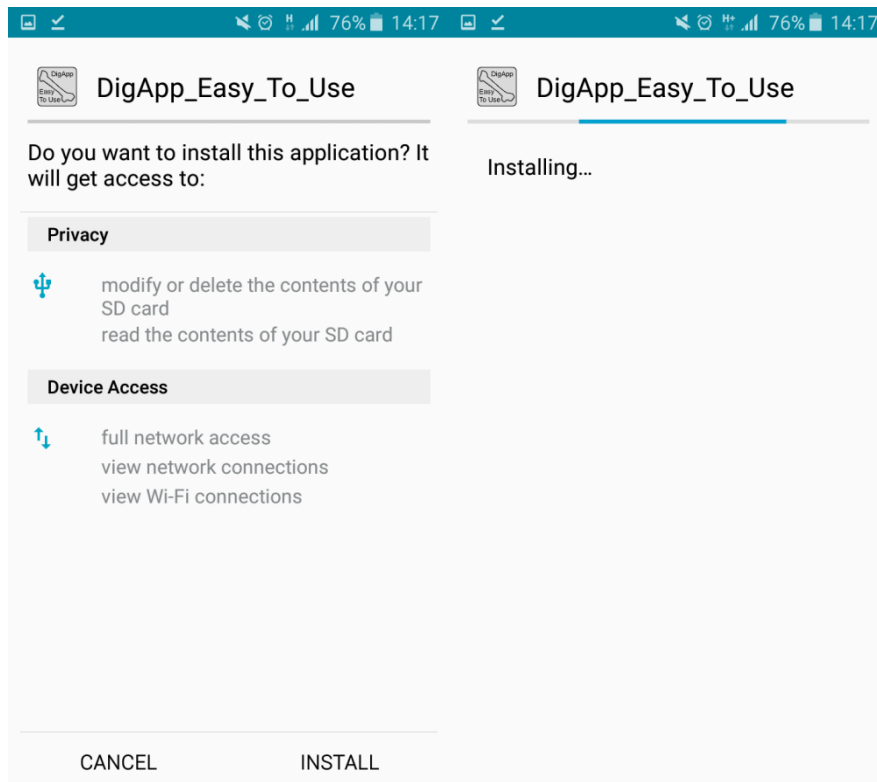

3. Open the downloaded file from your phone. A warning will appear, saying installation was blocked for security reasons:

- Click on "Settings", check "Unknown Sources" and press "OK", leaving the "Allow this installation only" box checked.

- Click on "Install"

6. The App is now installed and ready to be used!
